

Lana Lowenkamp, G.G.

HERTIAGE APPRAISER FOR THE SOUTH (MID-GA)

My name is Lana Lowenkamp and I am a Graduate Gemologist and member of the National Association of Jewelry Appraisers. I am married with four children and enjoy creating fiber art, reading and antiquing in my off time.

My passion for jewelry goes back to my childhood. My father used to tell me stories of how my great Grandfather went out west during the gold rush and how my father was involved in the jewelry business as a young man. Together we would inspect my mother's jewelry and visit jewelry stores to pass the time. This sparked my interest in gems.

I carried that interest and passion into my career. I have worked in jewelry sales, purchaser of estate jewelry at auction, as an artist, and insurance claims adjuster. I am thrilled to be working for Heritage Appraisers where I can utilize all of my skills appraising jewelry.
